PROJECT SHEET

Hinchinbrook Shire Council

Project Overview

SGPS were appointed as Principal Contractor by the Hinchinbrook Shire Council to manage the NDRRA Transitional works. This project structure was established to facilitate the project delivery utilising 100% local subcontractors to undertake restoration works to unsealed roads within the Shire whilst ensuring quality, safety and environmental objectives were achieved. SGPS is currently providing services ranging from Project Director to Site Supervisors. This project was undertaken as a partnership between Hinchinbrook Shire Council, Aecom and SGPS.
