PROJECT SHEET

Croydon Shire Council

Project Overview

SGPS were engaged by the Department of Main Roads to supply a Senior Site Supervisor to work closely with the Croydon Shire Council on the Burke Development Road reconstructing 8.5km in 3 sections. The works involved a minimum 100mm overlay with widening to 9m width, cement stabilisation to 200mm at 2%, 150mm base course and a double 16/10 seal. The partnering arrangement between the Croydon Shire Council and SGPS staff worked exceptionally well.

CLIENT Department of Transport & Main Roads

CLIENT CONTACT -

LOCATION Croydon Shire, QLD
